**March 2023**

My Dear Friends,

Greetings in the wonderful name of Jesus from  
Aotearoa / New Zealand.

It's certainly an eventful and challenging time here early in 2023. You will of course know about the cyclone Gabrielle recently severely flooding the North Island. Many thousands have lost power, houses and property, creating homelessness and loss of life. Ripe fruit from the orchards is all destroyed. The cleanup has begun and volunteers have flown in from around NZ, Australia, and Fiji. Charities and the government are assisting. On top of the cyclone came an earthquake. At the time of writing, a tornado has just hit a nearby town. All these things have been predicted and are coming to pass worldwide (Mathew 24, Luke 21), proving once again the accuracy of the Bible.

Our seven person team visit to India in December 2022 was a real success. Our Pastor Johny assisted me and we flew six times internally, with very tight security. He was brilliant and very dedicated to the whole of our Indian ministry and to helping me personally. The Lord provided for me in every way to go back, for which I am grateful. A big "thank you" to those who were a part of that. I was happy to see our friends again, and they too were happy to see me. Our NZ trustees were able to assess the different places and situations.

We are making necessary adjustments slowly, and one change involves two of our four children's homes. The Indian government rules applying to children are very stringent. This is making it increasingly difficult for our Indian leaders, as they are visited by officials. Because of this we will be assisting children as a group, not individually, as previously. As we liaison with sponsors we can make sure funds are redirected responsibly. Funds can go to education costs for children in poor villages where we are working. We live in a rapidly changing world so need to adjust accordingly. I trust you understand and please pray that this new plan will work well. We also have needs in other areas of our

work. Blind and disabled people in Chennai under Ps. Samuel Paul touched my heart.

Thank you for your faithfulness in prayer and giving. The Kingdom of God is being extended and young men and women are stepping up for training in Christian leadership. Our younger pastors have graduates from their excellent programs.

Isaiah 26:3,4 is a wonderful promise for you and your family. In a chaotic and dangerous world we can know the peace that comes only by faith and trust in the Rock of Ages. Rest assured, God has a plan for this planet and everything in it. Trust Him.

With Appreciation and Lovingly,

### **Samuel John and son Juni report...**

Thank you very much for your prayers and support which is much appreciated. My extended family has also helped me financially. I am now recovering well from the surgery. We have started monthly meetings in Yenada slum and endeavoring to get identity cards for their school age children so we can educate them in our House of Hope Home. The HOH children are happy in their new clothes which you have provided and they thank you. Our youth and children's retreats have been a great success and well attended. Juni has had the opportunity to speak to 5,000 people at one time and 3,500 at another. All glory to the Lord Jesus Christ for these open doors of opportunity.

### **Opportunities for Giving...**

### **Athol Graham (Trustee) reports...**

My 18 year old son Sam and I went on the team to India. It was a good opportunity to reconnect with the ministries in India after the lockdown. Visiting Upada (the fisherman's village) and Yenada (slum village) were highlights for both of us amongst many other great experiences. It was a great time away for us as father and son and for Sam it was an opportunity to experience all the highs and lows of Indian culture and understand what the ministries are about and what they are achieving.
